

## Junior Height Drinking Fountain With Bottle Filler Spout

Product Code: FSDB-J

These stainless steel combination drinking fountains and bottle fillers are a stylish, cost-effective way of keeping your pupils happy, healthy and hydrated throughout the school day. Our stainless steel bottle filler drinking fountain offers vandal resistance and the stylish rounded front provides safety for users whilst the full height shroud allows for the water pipes to be concealed.

Each stainless steel water fountain comes with a chrome-plated, WRAS-approved bubbler tap and swan neck bottle filler, which can be operated with ease by even the small children, thanks to the soft-touch press button. Fitted with a self closing timed flow valve and high polish bowl to stop splashing and help prevent any potential wasted water. Complete with integrated wall fixing brackets, these bottle fillers are compact to be installed in suitable locations.
