

Solid Surface Stock Wash Trough

Product Code: SWTSS

Our stock solid surface trough sinks boast a stylish look with a concealed waste fitting, and a durable CreaCore solid surface construction. The minimalist design makes them ideal for colleges and sixth forms, although they wouldn't look out of place in any school washroom.

Our stock wash troughs can be supplied with wall fixing studs for mounting to a wall but we do recommend the units to be installed on a vanity unit (not supplied by ourselves). The central 32mm waste fitting on this unit is concealed beneath the sloping basin, which not only looks great, but also cuts down on cleaning and maintenance.

Delivery

From stock 3 to 5 working days.

Tech specs

Material: CreaCore Solid Surface
Colour: White, Banana
Lengths: 1200mm and 1800mm
Depth (front to back): 490mm
Height (top to bottom): 125mm
Waste fitting: 32mm

Extras

These stylish incline trough sinks can be customised with any of the following extras:

Taps

[Time-flow taps](#)
[Lever-operated mixer taps](#)
[Infrared basin taps](#)
[Knee-operated basin taps](#)

Traps

[Plastic bottle trap \(32mm\)](#)
[Brass bottle trap, chrome-plated](#) with chrome flange and waste pipe

Miscellaneous

Stainless steel deck or wall mounted [soap dispensers](#)
[Paper towel dispensers](#) in stainless steel

It's always a good idea to fit a [thermostatic water mixer](#) (TMV3) to your pipework, especially where children are concerned. These valves work by mixing hot and cold water to a safe temperature before it reaches the taps. This will help protect your users from scalding and guarantee a pleasant hand washing experience.
