

Back To Wall Stainless Steel Toilet With Seat Pads

Product Code: CBTWP-SP

Our stainless steel back to wall toilet with fitted black plastic seat pads offers both vandal resistance and value for money. The fitted seat pads design means that the seat cannot be removed or broken reducing maintenance time in secondary schools, colleges or sixth form washrooms, while the stainless steel construction makes them long-lasting, hygienic, and exceptionally easy to clean and maintain. They're also highly vandal resistant.

Wall and floor mounted for stability, these stainless steel toilets have a wall fixing plate and are designed for use with a concealed cistern.
